

The Learning Community Journey

Your Learning Community journey with PLI lasts two years and includes a total of five immersion experiences that occur twice a year (approximately every six months).

At the end of every immersion experience, you will leave with an actionable six-month plan to implement in your context to incrementally achieve your Spirit-led goals. Below are the themes for each immersion.

Visionary, Missional Leadership

Come to an understanding of and a commitment to God's mission, based on God's call, your context, capabilities, and identify where initial changes are needed to align lives and ministries to God's mission.

Understanding Context

Build understanding of ministry context and develop a vision based on that context, God's call, your capabilities and passions, and the context of the community.

Leading Change for the Sake of the Mission

Be equipped emotionally and spiritually to start leading change for the sake of the mission in your context.

Together in Mission

Begin to learn the rhythms of functioning as a team(s) of people on mission in your community and confront the barriers that push against it.

Multiplication and Movement for Mission

Learn to align life and ministry in a sustainable pattern to advance the mission of God.

Intended Benefits

- LEAD from my unique gifting
- BUILD healthy relationships
