

Discipleship to Missional Community

The Learning Community Journey

Your Learning Community journey with PLI lasts two years and includes a total of five immersions. The immersions occur twice a year (approximately every six months).

At the end of every immersion experience, you will leave with an actionable and unique six-month plan to incrementally achieve your Spirit-led goals.

Our combination of immersions and coaching equip you with the tools to lay a foundation for building a discipling culture that fosters missional community.

1

Becoming a Discipling Leader

In your first immersion, you join other ministry couples and teams as you come to grips with the leadership truth that “discipleship begins with me.” Here, we lay the foundation for a vibrant expression of mission and discipleship that future immersions will build upon.

2

Building a Discipling Culture

In immersion two, teams come back eager for the next step. Learn how to make disciples and cultivate a culture that celebrates discipleship. We help you recognize and prioritize the need for margin by introducing the healthy life rhythms necessary for sustainable discipleship.

3

Starting Missional Communities

See missional impact come to life as your team reimagines how to create spiritual spaces where Christians and not-yet-Christians can encounter Jesus together. You will identify the barriers that crush missional initiatives and build strategies to sustain and reproduce thriving missional communities.

4

Multiplying Missional Leaders

In this immersion, your team will be equipped to develop a leadership pipeline that identifies, trains and releases leaders in your context. Discover how your vision and values can fuel that leadership development and lead the mission beyond your walls.

5

Leading Kingdom Movements

In our final immersion, we come together to imagine how God, in His wisdom, might take our efforts and awaken a movement that sends the Gospel into pockets and places beyond our current influence. Discover a biblical pathway that will help you lead toward impact that is beyond “what you can ask or imagine.” (Eph. 3:20)

Benefits

BUILD a reproducible discipling culture

EQUIP people for missional leadership

CREATE a pathway toward a different future for my faith community

TRAIN disciples to lead missional communities
