9. Our Heart

When young leaders are equipped and called to lead, the Gospel is extended into the places only they can reach. We want young adult leaders to dream, respond, and discern God's mission as they participate in the renewal of their lives, neighborhoods, cities, and beyond.

Throughout history, we have seen the church experience massive cultural shifts that have led to a shrinking church. We believe generations like millennials and Gen Z will pave new territory for the Church by reproducing communities where anyone can experience Jesus.

10. How to Maximize your Impact - even before you begin.

- Don't do this alone. Invite your spouse, a friend, a neighbor, or a group from your church to join you in 1,000 Young Leaders
- Begin praying for the people in your life.
- Host a friendly get together in your neighborhood, apartment complex, or local gym, where you get to know the people around you.
