

Because it matters what you build on.

In these ever-changing times, it's difficult to guide ministry through life AND launch bold new initiatives!

As leaders, our eyes are constantly looking for what works and surveying the landscape for new ideas. Meanwhile, something significant—something foundational and important—cries out for attention and we aren't aware of it.

Ministries are deeply dependent upon faithful, Christ-like leadership. **Leadership Essentials provides a safe place for women and men to discover and implement the building blocks of Godly leadership.** These men and women recognize that gentle, yet courageous leadership is needed to align people and processes around the fulfillment of God's vision for His Church.

Leadership Essentials is designed for pastors, ministry leaders, young leaders starting out or established leaders looking for a tune-up. Learning Community immersions cover critical areas of Christian leadership designed to equip today's leaders for tomorrow's challenges.

I am seeking to:

Lead from my unique gifting

Build healthy relationships

Understand and articulate vision

Navigate change for the sake of the mission

Create teams of people for that mission

Courageously and gently lead

Leadership Essentials features:

- A 2 year Learning Community with five training immersions.
- Leader and spouse participate and learn together.
- Monthly coaching between immersions provides ongoing encouragement and accountability needed to achieve Spirit-led goals. All coaching is done via video conference.

The tuition cost is \$1,750 per immersion for the content and coaching for both leader and spouse. Reserve your spot with a \$200 registration fee.

Now is the perfect time to let PLI pour into you! Revitalize your vibrant leadership by leading from your unique gifting. We'll help you navigate today's fluid environment together and gently and courageously lead your team through it.

Ask questions, and connect with Raechel to explore how we can come together as a community of Christian leaders to meet the needs of a rapidly-changing world:
