

Leadership Essentials

Unlike a short course, or a weekend conference, PLI's Leadership Essentials is designed and delivered to help you to actually integrate what you learn into your specific context. You'll become equipped with the skills, applicable tools, and actionable plans specific to:

- | **Contextual leadership** - One size does not fit all. Because you have been called by God to lead for the sake of the Gospel in your family, relationships, ministry and community, you have unique leadership needs.
- | **Become a secure leader** - Your identity is challenged in almost every leadership moment. Recognizing who you are in Christ is essential to being a secure leader.
- | **Leading from your individual strengths** - Lead out of who God made YOU, your unique gifts, passions and strengths. Set aside who you think you should be or the skills you see working for other people.
- | **Marriage in ministry** - A beautiful yet complex relationship, marriage is a gift and so is ministry. Name the challenges, nurture your unique marriage and ministry together, and discover what it means to be a family on mission.
- | **Leading through change** - Change is difficult because we fear what we might lose. Leading through change for the sake of the Gospel takes love, patience, commitment, and a sharp focus on the mission of God.
- | **Discipleship as ministry movement** - Making disciples a focus of your ministry organization may be simple or a monumental shift but one worth pursuing.
- | **Vision curation** - Ministry organizations need a Spirit-led vision for direction and growth which requires strong cohesive leadership to create, communicate and sustain.

Tuition & Fees

\$1,750 per immersion Spouse included

Reserve your spot with a non-refundable \$200 registration fee. Travel, lodging, and meals not included.

Financial assistance may be available. Please don't allow finances to be a barrier—we're thankful to our many donors who place a great value on the experience. Please contact Raechel about how we might be able to alleviate some financial concern.

What you'll experience

5 immersions

occurring about every 6 months, each lasting 3 days.

Gifted and experienced teachers

that have been where you are.

Leader and spouse (if married) participate

and learn together.

A customized and actionable six-month plan

to implement in your own context at the conclusion of each immersion.

Monthly coaching

between immersions provides ongoing encouragement and accountability needed to achieve your Spirit-led goals. All coaching is done via video conference.
