
SIX REGIONS

AFRICA

Principal Trainers in Cameroon are in the process of training Master Trainers there and in other countries. So far, they have trained over 200 couples as Master Trainers from ten countries in Africa, as well as in Canada! They plan to begin training Master Trainers in three new African countries, as well as Cameroon immigrant pastors and spouses from seven European countries. On top of that, they also hope to train a number of Full Gospel missionaries in Dubai this year.

This month, the fourth-year trainings of Local Trainers will take place in Burundi and Rwanda.

ASIA

Pastors and spouses in Indonesia and India face daily challenges and even dangers as they share the Gospel with their Muslim and Hindu neighbors, co-workers, and family members. They do not ask for prayers for the challenges to be removed or the risk to be lessened. They are ready and willing to suffer for the sake of Christ and those needing to know Christ. They only pray for God's protection and for His blessings so they will remain faithful and bold in their witness.

EURASIA

Final plans are being made to begin training Russian-speaking Master Trainers from Russia, Kyrgyzstan, and Kazakhstan. On March 17-20, training will take place in Serbia (a new country for PLI!). Trained trainers will be traveling from Latvia and the United States.

EUROPE

Plans are being made to begin training immigrant pastors and spouses from Cameroon in Europe as Master Trainers from England, Belgium, Luxembourg, Denmark, France, Germany, and Italy, starting in April.

In January, our trainers in Latvia launched a new initiative within the Lutheran Church in Latvia. Using PLI's curriculum, these trainers are beginning to train local lay leaders in congregations, and plan to multiply this throughout the church body. The training was enthusiastically received, and these leaders plan to meet together on a regular basis until their next training.

LATIN AMERICA

Fourth-year trainings are taking place in Bolivia, Uruguay, and Mexico this year! Conversations are taking place with leaders of those countries about ways to continue and expand the training within their own church body, as well as how to bring PLI to other church bodies and networks.

US AND CANADA

Teams participating in Vision Bridge gather in-person in Chicago on March 12-13, marking the halfway point in their journey.

Leadership Essentials Detroit will meet for immersion 4 and Leadership Essentials Chicago will meet for immersion 3.

ONE PLI

We invite you to partner with us in praying for PLI's work around the world. Pray that the work we do points always to Jesus and to God's mission of reconciling and restoring the world to Him.

This month, we give thanks for the doors God is opening around the world, and we ask that He continues to open new doors and connect us to new potential partners. We pray for the conversations that are happening in several countries regarding future vision and next steps to expanded training. We pray for safety and protection over those who are traveling to trainings, and for clarity and wisdom and open hearts for those being trained. For our brothers and sisters who face hardship and danger for sharing the Gospel, we pray for protection and blessing as they boldly share Christ.
